

Grants and Wishes

This family factsheet offers advice on sources of charitable funding and other forms of support from grant-giving/wish-granting organisations.

We all have special wishes and dreams. For children and young people with a life-limiting condition there is often a sense of urgency to make those dreams a reality. There are a range of charities that provide support to help children and families achieve their dreams and ensure that their families have an opportunity to build important memories of happy times together.

There are other charitable funds which give grants to people in financial need who meet their eligibility criteria, using a sum of money that the grant-giving charity has set aside for this purpose. Although some grant-giving charities have only one fund, others run several funds that give money for different purposes.

We have provided a list of some of the key organisations in the UK that provide grants for families or enable dreams or wishes for disabled or life-limited children. You will need to check the individual criteria of each of these organisations and establish whether they are currently open for applications.

Please note that this is not an exhaustive list and you can call our Together for Families Helpline on 0808 8088 100 for details of other organisations that can help.
